MEMORANDUM FOR: Chief, Career Training Program
Chief, Intelligence School

25X1

SUBJECT : CTs and the Drinking Problem

It seems to me that excessive drinking and alcoholism are occupational hazards for Agency officers, especially within the DDP. I understand that [] gives an excellent presentation on this subject to the Chiefs of Station Seminar. It might be useful to chat about this with [] and to explore whether we should bring [] in at some phase of the Career Trainee Training Cycle.
